Abdul Moiz M. Solaiman

Marawi City, Philippines abdulmoiz.solaiman@outlook.com (+63) 985 464 8528 in/amsolaiman moizsolaiman.com

SUMMARY

Knowledgeable in React.js and with 3+ years of relevant software development experience, seeks a position as a software developer at a top IT firm. Enthusiastic in frontend design and development, with good adaptability and highly competent at learning new technologies.

EXPERIENCE

Front End Engineer

Access Group Australia Pty Ltd **April 2025 – Present, Mandaluyong City, Philippines**

- Migrated legacy WordPress websites to modern stacks using *Next.js*, *Builder.io*, *Typescript*, *Turborepo*, and *Vercel*, enhancing site performance, scalability, and development workflow.
- Developed dynamic e-commerce and recruitment site projects utilizing *Builder.io*, *Tailwind CSS* and *Shadcn UI* for accessible, component-based interface design, contributing to a flexible and modern user experience.
- Collaborated closely with UI/UX and graphic designers throughout the development process to transform design mockups into fully responsive, accessible, and visually polished user interfaces.
- Managed and maintained migrated websites internally, ensuring ongoing performance optimization, content updates, and technical support.
- Implemented and maintained *Datadog* integration across migrated websites, configuring session replay, metrics, error/log monitoring, and automated alerting to improve system visibility, issue detection, and operational support.

Software Developer

AP Global IT Solutions Inc. **November 2022 – January 2025, Antipolo City, Philippines**

- Designed and developed web applications using *React.js*, *JavaScript*, and *Material UI*, ensuring clean, efficient, and user-friendly interfaces.
- Led the initial phase of development for new projects by creating the foundational frontend structure, designing layouts, UI components, and assets that align with project specifications and requirements.
- Shifted to full-stack development after a year of service, gaining proficiency in *Next.js*, *Typescript*, *Prisma*, and *GraphQL* to handle both frontend and backend development tasks.
- Engaged in bootcamp sessions and occasional learning opportunities to enhance technical skills and stay up to date with emerging trends and technologies in the software development field.

RELATED EXPERIENCE

Frontend Developer Intern

AP Global IT Solutions Inc. **September 2022 – November 2022, Antipolo City, Philippines**

- Assisted in the design, development, and implementation of user interfaces for web applications, collaborating with senior developers to enhance functionality and improve user experience.
- Contributed to the frontend development of multiple projects using *React.js*, *JavaScript*, and *Material UI*, ensuring clean, maintainable, and reusable code.
- Engaged in code reviews and participated in sprint planning, daily stand-ups, and collaborative problem-solving sessions.
